Federal Judge Andrew Hanen issued a temporary injunction halting the Executive Amnesty program announced last year by President Barack Obama. Texas Governor Greg Abbott and Attorney General Ken Paxton responded to the late night decision by the judge.

The ruling came in response to a lawsuit filed on December 3rd, 2014, by then Texas Attorney General Greg Abbott (now Governor Abbott) on behalf of the State of Texas. At the time of the filing, Texas was joined by sixteen other states.

wrote, “The ultimate question before the Court is: Do the laws of the United States, including the Constitution, give the Secretary of Homeland Security (DHS) the power to take the action at issue in this case?” The judge laid out three issues to answer in this ruling: “(1) whether the States have standing to bring this case; (2) whether the DHS has the necessary discretion to institute the DAPA (Deferred Action for Parents of Americans and Lawful Permanent Residents) program; and (3) whether the DAPA program is constitutional, comports with existing laws, and was legally adopted.”

The Judge ruled that “at least one plaintiff has satisfied all the necessary elements to maintain a lawsuit and to obtain a temporary injunction.”

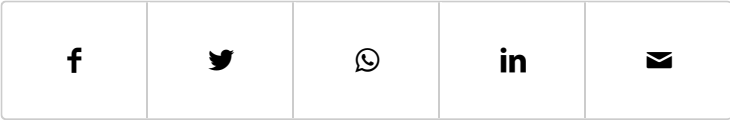

This means that, not only can the lawsuit continue, but the judge has ordered that the President or the Secretary of Homeland Security cannot take action on the DAPA program. . .

Governor Abbott responded to the ruling handed down late Monday night. “President Obama abdicated his responsibility to uphold the United States Constitution when he attempted to circumvent the laws passed by Congress via executive fiat, and Judge Hanen’s decision rightly stops the President’s overreach in its tracks . . .” (Read more from “Federal Judge Orders Obama to Immediately Stop His Executive Amnesty” [HERE](https://joemiller.us/2015/02/federal-judge-orders-obama-immediately-stop-executive-amnesty/))

Wow, it is about time that someone with intestinal fortitude stopped this illegal in office from circumventing the laws of the USA. Congress didn't seem to be willing to do it....I applaud this judge for doing the right thing and since I live in Texas, I am proud of new governor, but I will surely miss him as an Attorney General who stood up to anyone he felt interfered with the laws of our country.

Of course, Obama will pull out all the stops to end the judge's career through physical threats towards the man's family or himself, friends, business associates. Obama blackmails everyone who doesn't agree with him-- how much of this is Eric Holder's or Valerie Jarrett's influence, there is no way of knowing. The best way to fight Obama is to get rid of HIM, but he will face more and more opposition on his policies and stupid, vapid ideas.

Thank GOD for Judge Hanen and Governor Abbott!! Finally two people with the courage and fortitude to hold Obama accountable to American constitutional rule of law. Obama must be indicted and convicted of High Treason for his crimes and sentenced to the severest penalty to the fullest extent of the law. Sadly, since Obama arrogantly self appointed himself as imperial sovereign majesty, recognized in this position only by himself and his few communist minions, Obama will have to be taken by extreme force to comply with the law and any legal and lawful

Good for this judge hope he has a good security crew and watches what he eats, the King will be coming after him.

You watch. He will circumvent this judges ruling, by using another judge, or just violating the law like he always does. Besides, he will need to get a majority of the "57" states.

I have to agree with Wanda below. It'll be difficult for federal judges to manage this guy's every illegal move. At some point, Congress will need to do something they have refused to do for six years now, hold the President accountable.

When enemies invade and attack and enter a nation illegally uninvited. It is deemed an act of war on our sovereignty. It is time to deport all illegal invaders and traitors and terrorist and the illegal UN. This is our land people. We only have one country people? If they steal our land we have no other land of the free given to us by our God and founding fathers. Is anybody out there awake.

We are wasting much of our nations energy on people who have no authority to be in our country. We need to rebuild and restore the greatest nation on earth.

Governors should be implementing militias right now to protect state sovereignty. It is time to give federal employees the boot out of our states since they have

A well regulated Militia, being necessary to the security of a free State, the right of the people to keep and bear Arms, shall not be infringed.

"Officers of the court are sworn to support and defend the Constitution... those attempting to disarm you are violating their oaths and stepping outside the law. The responsible action for a people faced with such usurpation is to defend themselves against it, not with lawyers but with force. Submitting yourself to a jurisdiction that doesn't recognize your Right of self-defense is also akin to surrender, since they have already made a determination against that Right by failing to support the Bill of Rights, Article IV.

Arrest Obama, holder, Johnson now for treason against our nations sovereignty.

This is a sovereign nation. Not only are they criminals, this is an act of war against the United States of America. Obama is illegals and terrorist pimp. It is time to drag their asses out of our nation and charge Obama with high crimes and treason. Now sheriffs. Now military. Now militias. Now NRA. Now cowboys. Someone please protect our sovereignty now. We are a nation of laws. Why are we obeying any when the illegal in the White House has committed high crimes and treason and is at war with our heritage. Seriously. Somebody restore liberty now.

Why abide by any laws or taxation?

We are at war for the protection of our heritage.
