DEFENDANTS

Lucas Harsh is an attorney in Lawrenceville, GA

Defendant Randy Rich is a Justice of the Superior Court of Gwinnett County and a Judge presiding in Gwinnett County.

The Plaintiff does not know the true names of the Officer and/or defendants Does 1 through 50 inclusive and needs to obtain said information through discovery.

On Absolute Immunity for Judges

A complaint is actionable against Judges under Title 42 U.S.C. 1985 (3), whose immunity does not extend to conspiracy under color of law. Section 1985(3) reaches both conspiracies under color of law and conspiracies effectuated through purely private conduct. In *Ex Parte Young*, 209 U.S. 123 (1908), the Supreme Court held that a state official who acted unconstitutionally could be sued in his official capacity for prospective relief. Such a suit “does not affect the State in its \sovereign or governmental capacity” because the official who commits an unconstitutional act is deemed “stripped of his official or representative character.

STANDARD OF REVIEW

The Plaintiff alleges in this complaint the actions of the Defendants actions were motivated by race or class or ethnicity and/or is behind the conspirator's action. That the actions were clearly a product of bias and prejudice of the Court and/or private individuals acting under the color of state law. The lawyers were acting in conspiracy with state actors under color of law "were" State Actors in this case. The U.S. Supreme Court has ruled that "private parties", lawyers in this case, may be held to the same standard of "state actors" where the final and decisive act was carried out in conspiracy with a state actor or state official.

TOLLING THE STATUE OF LIMITATIONS

Personal Injury and/or tolling is Georgia law, The Statue of limitation is tolled when one in absent from the State. The Plaintiff has been absent from the State of Georgia since the incident in Nov. 2007, and it has been impossible to perfect service on the Defendants therefore the Statue of limitations is tolled. **"THE PLAINTIFF IS A VICTIM OF CRIME"**

The running of the period of limitations with respect to any cause of action in tort that may be brought by the victim of an alleged crime which arises out of the facts and circumstances relating to the commission of such alleged crime committed in this state shall be tolled from the date of the commission of the alleged crime or the act giving rise to such action in tort until the prosecution of such crime or act has become final or otherwise terminated, provided that such time does not exceed six (6) years.
