100000000000

We are writing to let you know that we've paid you \$914.00 too much Supplemental Security Income (SSI) money. The overpayment happened in May 2023. You were overpaid because you received and cashed two or more payments for a month.

We have attached to this letter a detailed explanation of your overpayment.

You must pay us back unless we decide you shouldn't have to pay us back or we're wrong about the overpayment. If you think you shouldn't have to pay us back or you disagree with the decision about the overpayment, you can:

- Ask for a waiver,
- Ask for an appeal, or
- Do both.

This letter will tell you more about these things you can do.

If We Don't Hear From You In The Next 30 Days

We plan to collect this overpayment from your SSI checks. We'll hold back \$91.40 each month starting with August 2023 until you have paid us back. If you ask for waiver or appeal in the next 30 days, we won't change your check until we decide your case.
