ARTICLE II: INCITEMENT OF INSURRECTION

The Constitution provides that the House of Representatives “shall have the sole Power of Impeachment” and that the President “shall be removed from Office on Impeachment for, and Conviction of, Treason, Bribery, or other high Crimes and Misdemeanors”. Further, section 3 of the 14th Amendment to the Constitution prohibits any person who has “engaged in insurrection or rebellion against” the United States from “hold[ing] any office … under the United States”. In his conduct while President of the United States—and in violation of his constitutional oath faithfully to execute the office of President of the United States and, to the best of his ability, preserve, protect, and defend the Constitution of the United States, and in violation of his constitutional duty to take care that the laws be faithfully executed—Donald John Trump engaged in high Crimes and Misdemeanors by inciting violence against the Government of the United States, in that:

On January 6, 2021, pursuant to the 12th Amendment to the Constitution of the United States, the Vice President of the United States, the House of Representatives, and the Senate met at the United States Capitol for a Joint Session of Congress to count the votes of the Electoral College. In the months preceding the Joint Session, President Trump repeatedly issued false statements asserting that the Presidential election results were the product of widespread fraud and should not be accepted by the American people or certified by State or Federal officials. Shortly before the Joint Session commenced, President Trump, addressed a crowd at the Ellipse in Washington, DC. There, he reiterated false claims that “we won this election, and we won it by a landslide”. He also willfully made statements that in context encouraged—and foreseeably

to have a country anymore". Thus incited by President Trump, members of the crowd he had addressed, in an attempt to, among other objectives, interfere with the Joint Session's solemn constitutional duty to certify the results of the 2020 Presidential election, unlawfully breached and vandalized the Capitol, injured and killed law enforcement personnel, menaced Members of Congress, the Vice President, and Congressional personnel, and engaged in other violent, deadly, destructive, and seditious acts.

President Trump's conduct on January 6, 2021, followed his prior efforts to subvert and obstruct the certification of the results of the 2020 Presidential election. Those prior efforts included a phone call on January 2, 2021, during which President Trump urged the secretary of state of Georgia, Brad Raffensperger, to "find" enough votes to overturn the Georgia Presidential election results and threatened Secretary Raffensperger if he failed to do so.

In all this, President Trump gravely endangered the security of the United States and its institutions of Government. He threatened the integrity of the democratic system, interfered with the peaceful transition of power, and imperiled a coequal branch of Government. He thereby betrayed his trust as President, to the manifest injury of the people of the United States.

Fourteenth Amendment Equal Protection and Other Rights

“In his conduct of the **DONALD TRUMP**, in violation of his oath of office and/or constitutional oath to support and defend the Constitution of the United States against all enemies, foreign and domestic, to bear truth faith and allegiance to the same, and to well and faithfully discharge the duties of his Office, has conspired and willfully and systemically abused the United States Government and knowingly, intentionally deceived the People of the U.S.A. by committing rebellion and insurrection on the State Capitol and/or initiating project 2025 in joint participation with Tyranny Communist China, he conspired with Joe Biden and Kamala Harris and his acts are the same as Biden’s as Biden and Harris refused to hold Federal immigration laws, in that: His is the head of the Homeland Security, Federal Protective Service, U.S. Customs and Border Protection (which includes the United States Border Patrol), U.S. Immigration and Customs Enforcement. In his conduct of the U.S. ATTORNEY GENERAL

FOR THE UNITED STATES OF AMERICA, in violation of his constitutional oath to faithfully execute the office of the Department of Justice of the United States and, to the best of his ability to, preserve, protect, and defend the Constitution of the United States, and to protect U.S. Borders and in violation of his constitutional duty and/or oath of office he has knowingly, intentionally failed to due his legal duties in protection the U.S.A. Borders. He willfully prevented, obstructed, and impeded the administration of justice, in that: Merrick Garland conspired with Kamala Devi Harris and both has demonstrated extraordinary incompetence in the execution of her duties and responsibilities, a stark refusal to uphold the existing immigration laws, and a palpable indifference to people of the United States suffering as a result of the ongoing southern border crisis in the United States. Merrick Garland just like Vice President Harris has consistently refused to visit (and if he did visit the borders – had done nothing) the southern border to evaluate this ongoing national crisis, aside from a single trip hundreds of miles away from 10 the epicenter of the migrant crisis. 11 Women and girls in the United States have paid a 12 disproportionate price for the ongoing border crisis, tragically extenuated by the inaction of border czar Kamala Devi Harris. In August 2023, Rachel Morin, a mother of 5, was raped and killed by an illegal alien. In September 16 2023, an illegal alien attacked a woman and her 9-year old daughter in Los Angeles. On May 14, 2024, an illegal 18 alien from Turkey raped a 15-year-old New York girl after 19 threatening to beat her with a pipe. In February 2024, 20 a 22-year-old nursing student Laken Riley was killed by 21 an illegal alien. In June 2024, a 13-year-old New York 22 girl was raped in broad daylight inside a Queens park by 23 an illegal alien; Jocelyn Nungaray, a 12-year-old Houston 24 girl, was killed by 2 illegal aliens and later found dead 25 after being strangled and sexually assaulted; aliens were charged with kidnapping a 14-year-old Indiana 2 girl. 3 During her tenure as the designated border czar, the 4 U.S. Customs and Border Protection Agency “encountered” nearly 302,000 illegal aliens at the southwest border in December 2023, the highest monthly total ever recorded and representing 4 consecutive months of over 8 240 000 illegal alien “encounters” 9 According to the U.S.

months of fiscal 13 year 2023 saw a 179.3-percent increase in fentanyl seizures over the same time frame in fiscal year 2022. 15 According to Drug Enforcement Agency statistics, 16 over 50,600,000 fentanyl pills were seized in 2022, including over 10,800 pounds of fentanyl powder; these fentanyl 18 seizures are enough to kill over 379,000,000 people. Recent data from the Centers for Disease Control and Prevention indicate that 107,735 individuals in the United 21 States died of a drug overdose in the 12-month period ending July 2022. 23 According to the U.S. Customs and Border, migrant 24 deaths at the southwest border of the United States totaled 856 in fiscal year 2022, the deadliest year on record. A May 2017 report from Doctors Without Borders 2 indicated that out of the number of women surveyed, nearly one-third had been sexually assaulted as they approached the southern border. President Trump Reduced Legal Immigration. He Did Not Reduce Illegal Immigration

By **Alex Nowrasteh**

President Trump entered the White House with the goal of reducing legal immigration by 63 percent. Trump was wildly successful in reducing legal immigration. By November 2020, the Trump administration reduced the number of green cards issued to people abroad by at least 418,453 and the number of non-immigrant visas by at least 11,178,668 during his first term through November 2020. President Trump also entered the White House with the goal of eliminating illegal immigration but Trump oversaw a virtual collapse in interior immigration enforcement and the stabilization of the illegal immigrant population. Thus, Trump succeeded in reduce legal immigration and failed to eliminate illegal immigration.

Figure 1 shows the monthly number of green cards issued to immigrants outside of the United States. In most years, about half of all green cards are issued to immigrants who already reside in the United States on another visa. Thus, the number of green cards issued to immigrants abroad is a better metric of the annual inflow of lawful permanent residents than

months of the 2020 fiscal year (April-September 2020) the U.S. government only issued about 29,000 green cards. In the same period in 2016, the U.S. government issued approximately 309,000 green cards. Compared to the last half of FY2016, the number of green cards issued in the last half of FY2020 fell by 90.5 percent (please see note at the end of this blog post for how I estimated these figures).

Before the COVID-19 pandemic during the period from January 2017-February 2020, the average number of green cards issued per month was only down about 0.5 percent under Trump compared to from January 2013-February 2016 under the Obama administration with cumulative numbers down just over 3.2 percent. Beginning in mid-to-late March, the Trump administration virtually halted the issuance of green cards to people abroad. Without the COVID-19 immigration restrictions unilaterally imposed by the President, the issuance of green cards to foreigners abroad would have barely declined relative to the second term of the Obama administration.

As with immigrant visas, President Trump virtually ended NIV issuance in response to the recession and the COVID-19 outbreak. In the last 6 months of the 2020 fiscal year (April-September 2020) the U.S. government only issued 397,596 NIVs. In the same period in 2016, the U.S. government issued more than 5.6 million NIVs. Compared to the last half of FY2016, the number NIVs issued in the last half of FY2020 fell by almost 93 percent (please see note at the end of this blog post for how I estimated these figures).

Before the COVID-19 pandemic, during the period from January 2017-February 2020, the average number of monthly NIVs issued was down about 12 percent under Trump compared to the January 2013-February 2016 period under the Obama administration and the cumulative numbers were down by just over 14 percent. Beginning in mid-to-late March, the Trump administration virtually halted the issuance of NIVs to people abroad. The COVID-19-related restrictions were the most severe and impactful part of Trump's immigration policy.

Looking at the decline in the number of visas issued abroad under Trump through November 2020 compared to the second term of the Obama administration, Trump reduced the number of green cards issued by approximately 418,453 green cards and the number of NIVs issued by about 11,178,668. That's a roughly 18 percent decline in the number of green cards issued abroad and approximately a 28 percent decline in the number of NIVs issued during Trump's only term relative to Obama's second term.

Although Trump succeeded in cutting legal immigration more than he initially planned, he oversaw the collapse of interior immigration enforcement. In 2020, the removal of illegal immigrants from the interior of the United States was the lowest as an absolute number and as a share of the illegal immigration population since ICE was created in 2003 (Figure 3). Trump failed to increase removals because local jurisdictions refused to cooperate with his administration, continuing a trend begun during the Obama administration in response to their deportation efforts. As a result, the population of illegal immigrants remained about the same as when he took office (Figure 4).

7

Immigrant visas and IVIS using the seasonal variations in the known years plus random variation added to make it look natural. I then checked the monthly results against the known annual totals and they are within 1 percent, so good enough for a visualization. This blog post is an expansion on work by my colleague David Bier where I add more monthly data.
