"In his conduct of the ~~CHIEF JUDGE FOR U.S. COURT OF APPEALS D.C. CIRCUIT (FROM 1997 to 2021)~~ *As an employee for the U.S. A* AND IN HIS OFFICIAL CAPACITY AS ATTORNEY GENERAL FOR THE UNITED STATES OF AMERICA

, Merrick Brian Garland, in violation of his oath of office and/or constitutional oath to support and defend the Constitution of the United States against all enemies, foreign and domestic, to bear truth faith and allegiance to the same, and to well and faithfully discharge the duties of his Office, has conspired and willfully and systemically refused to hold Federal immigration laws, in that: His is the head of the Homeland Security, Federal Protective Service, U.S. Customs and Border Protection (which includes the United States Border Patrol), U.S. Immigration and

*Customs Enforcement. In his conduct of the U.S. ATTORNEY GENERAL FOR THE UNITED STATES OF AMERICA, in violation of his constitutional oath to faithfully execute the office of the Department of Justice of the United States and, to the best of his ability to, preserve, protect, and defend the Constitution of the United States, and to protect U.S.*

*Borders and in violation of his constitutional duty and/or oath of office he has knowingly, intentionally failed to due his legal duties in protection the U.S.A. Borders. He willfully prevented, obstructed, and impeded the administration of justice, in that: Merrick Garland conspired with Kamala Devi Harris and both has demonstrated extraordinary incompetence in the execution of her duties and responsibilities, a stark refusal to uphold the existing immigration laws, and a palpable indifference to people of the United States suffering as a result of the ongoing southern border crisis in the United States. Merrick Garland just like Vice President Harris has consistently refused to visit(and if he did visit the borders – had done nothing) the southern border to evaluate this ongoing national crisis, aside from a single trip hundreds of miles away from 10 the epicenter of the migrant crisis. 11 Women and girls in the United States have paid a 12 disproportionate price for the ongoing border crisis, tragically extenuated by the inaction of border czar Kamala Devi Harris. In August 2023, Rachel Morin, a mother of 5, was raped and killed by an illegal alien. In September 16 2023, an illegal alien attacked a woman and her 9-year old daughter in Los Angeles. On May 14, 2024, an illegal 18 alien from Turkey raped a 15-year-old New York girl after 19 threatening to beat her with a pipe. In February 2024, 20 a 22-year-old nursing student Laken Riley was killed by 21 an illegal alien. In June 2024, a 13-year-old New York 22 girl was raped in broad daylight inside a Queens park by 23 an illegal alien; Jocelyn Nungaray, a 12-year-old Houston 24 girl, was killed by 2 illegal aliens and later found dead 25 after being strangled and sexually assaulted; aliens were charged with kidnapping a 14-year-old Indiana 2 girl. 3 During her tenure as the designated border czar, the 4 U.S.*

*Customs and Border Protection Agency “encountered” nearly 302,000 illegal aliens at the southwest border in December 2023, the highest monthly total ever recorded and representing 4 consecutive months of over 8 240,000 illegal alien “encounters”. 9 According to the U.S. Customs and Border data; in 10 the first 5 months of fiscal year 2023, 106,000 pounds 11 of drugs were seized at the southwest border, including 12 11,000 pounds of fentanyl. The first 5 months of fiscal 13 year 2023 saw a 179.3-percent increase in fentanyl seizures over the same time frame in fiscal year 2022. 15 According to Drug Enforcement Agency statistics, 16 over 50,600,000 fentanyl pills were seized in 2022, including over 10,800 pounds of fentanyl powder;*

*And all  
Predecessors  
From Jan 1,  
1993 thru  
to present*

- **Data richness:**

Large-scale migration generates vast amounts of data on demographics, socioeconomic backgrounds, travel routes, and reasons for migration, which can be used to train AI algorithms to identify patterns and trends more accurately.

- **Predictive modeling:**

By analyzing migration data, AI can be used to predict future migration flows, identify potential hotspots, and anticipate challenges related to large-scale movement of people.

- **Optimized resource allocation:**

AI can analyze migration data to identify areas where resources like housing, healthcare, and education are most needed, allowing for better allocation of support services for migrants.

- **Improved integration processes:**

AI can be used to match migrants with suitable host communities based on their skills and language proficiency, facilitating faster integration.

- **Fraud detection:**

AI can analyze data to identify potential fraudulent claims or document forgery in migration processes, enhancing security measures.

- **Policy development:**

Analyzing migration data with AI can inform policy decisions regarding migration management, including visa processing, border control, and refugee resettlement.

However, it's important to consider ethical concerns when using AI with migration data:

- **Bias in algorithms:**

AI models can perpetuate existing biases if not carefully designed, potentially leading to discriminatory practices against certain migrant groups.

- **Privacy concerns:**

Protecting the privacy of migrants' personal information is crucial when utilizing AI for migration management.

- **Transparency and accountability:**

Clear guidelines and oversight are essential to ensure the responsible use of AI in migration related decision-making.
