

In conjunction with Obama Care, every American citizen is under international codes to link us to this new “international” system. This the International Classification of Diseases (IDC) is part of the part of the “medical coding” under the World Health Organization (WHO). The WHO is a specialized agency of the United Nations. This gives our health information to the United Nations.

As of October 1, 2014 the ICD 9 coding used has an additional 86,000 codes. ICD-10-PCS (Procedure Code System) “mandated” medical coding will add 68,105 codes. There will be 155,000 medical codes for medical professionals to learn and peruse for each patient.

According to the Center for Medicare and Medicate (CMS.gov) is being undertaken under revisions mandated by the Health Insurance Portability Accountability Act (HIPAA). Confirm this by the official government link

here:<http://www.cms.gov/Medicare/Coding/ICD10/index.html> The most gruesome medical codes is E978. This is a billing code for execution by decapitation and poisoning. Apparently, it is a billable claim number, although I have to wonder who would ever file such a claim for reimbursement under Medicaid, Medicare, or any other program. <http://www.centralx.com/diseases/icd889.htm> or official government link ftp://ftp.cdc.gov/pub/Health_Statistics/NCHS/Publications/ICD-9/ucod.txt "E978 Legal execution" -

"All executions performed at the behest of the judiciary or ruling authority [whether permanent or temporary] as:

asphyxiation by gas

beheading, decapitation (by guillotine)

capital punishment

electrocution

hanging

poisoning

shooting

other specified means"
